

Prudhoe Bay and the Arctic Ocean Coast

The inn is made up of ATCO trailers.

This is the Arctic Caribou Inn

\$200 a night for this deluxe room!

Animals around Prudhoe Bay

The Arctic Ocean only varies three inches between high tide and low tide because it is far north and is not affected by the rotation of the earth. The sea is the saltiest in the world get because of the glacier melt, all the salt water is at the bottom of the ocean and the surface has mostly fresh water. It does not taste salty at all.

This valve is called a Christmas Tree.

The field is a very restrictive area.

The pipes connect to the pipeline.

These wheels are designed for the tundra.

The Prudhoe Bay Oil Field is highly secure.
